Total Voters	63
Abstain	21 (33.3%)

After two days of voting, Aaron Ridge was accepted for the role of DJ Representative with a total of 42 votes voting yes and 21 votes abstaining.

Closing Remarks

Candidates were able to campaign or encourage their peers to vote on campus grounds/online freely. In addition, this year, potential candidates were directed to a Google Form on Radio FWD's website to indicate their interest to run in the election. This was a new format agreed upon after discussion with current directors and staff due to the difficulty many students had with completing the standard nomination form and the desire to decrease the barrier to entry so that more students could participate in the election.

Voting for the DJ Representative, which usually takes place separately from the other director positions, was done on the Simply Voting platform, alongside the rest of the positions. Unlike last year, we had an individual come forward to run as the DJ Representative, and they were elected in accordance with all voting procedures.

As of March 19, 2026, at 11:59pm, voting has closed and all results are final. The Radio FWD team is available to address any concerns or questions regarding our election. Please email the CRO at sccrcro@gmail.com or send any general inquiries to info@radiofwd.com.
